Overdraft Arrangements

For charging periods starting on or after 18th October 2023, we reduced unpaid transaction fees from £2.15 to £1.55 for personal accounts. For more information please go to natwest.com/current-accounts/rates-and-charges.html.

Any overdraft related charges will be notified to you in your 'Pre Advice of Interest and Charges'. For personal accounts, we will not charge you more than £19.40 in a monthly charging period for an unarranged overdraft or any unpaid transactions. For charging periods starting on or after 18th October 2023, this will be reduced to £18.80 in a monthly charging period.

NAR - the Nominal Annual Rate is the annual rate of interest you'll pay on your overdraft. It doesn't take into account that you'll pay interest on any interest that has been added to your overdraft balance in the previous month.

EAR - the Effective Annual Rate is the real cost of an overdraft shown as a yearly rate, which takes into account how often we charge interest to the account, if this applies.

AER - the Annual Equivalent Rate is used for accounts where you earn interest, if this applies. It shows what the gross interest rate would be if we paid it to the account every year and you then received interest as part of the account balance.
