24th July 2024 – Signed at 9.11am – CCTV IMAGES 9:16

Had they known , they would have signed in. They claimed to be in the toilet as they were on the period as they went to the toilet

Entered through the Door 29 – 30 Ely Place. Went to use the toilet.

Called Bri around 9 something.

9.11am or just before , she was in the building (Ely Place) when she asked Bri to sign her in

Using Front Entrance To come in despite using the Toilet. Was showing a random person who needed to go to GSW Solicitors the premise and came in side, she pointed them to their directions and entered through our front door to come in as opposed to the side door which is normal when using the toilet

Confirms that CCTV evidence will be there to support their story

In future , she will sign in herself.

No need to have someone sign them in

- **Inappropriate Cloth and Foot Wear**

Shoes under the desk . She doesn't wear trainers and crocs to annoy Management

She will now wear shoes and watch out for shoe wear. She will put crocs and trainers in bag to be more self aware.

Break Times

Whenever , you on lunch to vacate premises. There is a habit to stay at desk and distract others whilst on lunch by sitting in the desk

MH apologies for the inconvenience.
